Job Description

A Senior Controller is required for a leading life science organization, where they will take charge of the accounting and finance department, implementing financial controls, and managing business performance.

Client Details

Our client is a leading player in the life science industry. As a globally recognized organization, it boasts a large workforce dedicated to delivering innovative solutions aimed at enhancing the lives of patients around the world. The company is based in Tokyo and has a strong focus on research and development.

Description

- Oversee financial management and control within the organization.
- Support business performance through strategic financial planning.
- Ensure compliance with all financial regulations and standards.
- Lead, manage, and develop the accounting and finance team.
- Work as a business partner to other departments to support company growth.
- Prepare and present financial reports to the senior management team.
- Manage budgeting, forecasting, and cost control measures.

- Support corporate decision-making with insightful financial analysis.

Job Offer

- An attractive compensation package.
- Opportunity to work in a role that directly impacts business performance.
- Flexible working conditions with 2 days work from home option.
- A chance to be part of a global life science organization that values innovation and development.

We encourage all candidates with the right skills and experience for the 'Senior Controller' role to apply. This is a fantastic opportunity to join a leading life science company and make a significant contribution to its success.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Saki Kanematsu at +81 3 6832 8904.

Required Skills

A successful 'Senior Controller' should have:

- A strong understanding of financial management and control strategies.
- Proven ability to drive business performance through strategic financial planning.
- Ability to work as a business partner for your assigned Business Unit.
- Strong communication and presentation skills.
