Job Description

A Business Finance Partner involves proactive business partnering, providing financial insights to support strategic planning and decision-making. This includes business case development, profitability analysis, and optimizing sales schemes. Additionally, the position ensures accurate sales and profit forecasting, collaborates on budget control process improvements, and delivers recommendations to management for effective decision-making.

Client Details

A global leader in diagnostics is driving innovation in Japan, advancing healthcare through cutting-edge technology and data-driven solutions. With a strong presence in the market, the company focuses on improving patient outcomes by delivering high-quality diagnostic tools and precision medicine. Committed to research and collaboration, it plays a key role in shaping the future of healthcare while ensuring compliance with Japan's regulatory landscape.

Description

- Support financial decision-making processes across the teams.
- Develop and implement effective budgeting and forecasting processes.
- Work closely with department leaders to understand financial needs and provide strategic advice.
- Ensure compliance with financial regulations and standards.

- Analyze financial data to identify trends, risks, and opportunities.
- Collaborate with the accounting team to ensure accurate financial reporting.
- Participate in strategic planning and business development initiatives.
- Contribute to continuous improvement projects within the finance function.

Job Offer

- A competitive compensation package.
- A supportive company culture that values innovation and collaboration.
- The chance to make a real impact in a large organization within the Life Science industry.
- Candidates from different industries are welcome.

We encourage you to apply for this exciting opportunity. Build your career as a Business Finance Partner in a company where your contributions will make a difference.

Required Skills

A successful Business Finance Partner should have:

- A degree in Finance, Accounting, or a related field.
 - Experience in a financial role within the Life Science industry.
 - Strong analytical skills and the ability to interpret complex financial data.
 - Good communication skills to effectively liaise with various stakeholders.
 - Proficiency in financial software and Microsoft Office Suite.
