Job Description

The FP&A role will be focusing on financial planning and analysis. The candidate will be expected to assist in driving the company's financial forecast, annual budgeting process, operating plan variance analysis and special projects.

Client Details

Our client is a leading marketing SaaS company specializing in digital advertising solutions. They have achieved remarkable success both in Japan and globally, driving innovation in data-driven advertising technologies

Description

- Develop financial models and analyses to support strategic initiatives.
- Assist in the budgeting and forecasting processes.
- Analyze complex financial information and provide accurate and timely financial recommendations to management.
- Drive operational efficiency by streamlining processes and implementing process improvements.
- Collaborate with cross-functional teams to understand and meet business needs.
- Maintain up-to-date technical knowledge of financial instruments, market conditions, and trends.

Job Offer

- Competitive salary range between 6,000,000 JPY and 11,000,000 JPY.
- Modern office space featured in television.
- Opportunity to work in a leading company in the Technology & Telecoms industry.
- Comprehensive training and internal mobility opportunities.
- Collaborative and inclusive work culture.
- Benefits including: housing allowance and even monthly massage stipends.

We welcome all qualified candidates interested in taking their career to the next level to apply for this exciting opportunity in the Technology & Telecoms industry.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Francois Yanase.

Required Skills

A successful FP&A should have:

- Strong financial modelling and analytical skills.
- Proficiency in MS Excel and financial software applications.
- Excellent communication and presentation skills.
- Knowledge of the Technology & Telecoms industry would be a plus.
- Ability to work collaboratively and build relationships across teams and functions.
