- Provide guidance to business and legal teams on product safety and compliance complexities
- Engage with local regulatory agencies on technical, safety, and compliance topics

**Requirements:**

- Bachelor's degree or equivalent
- More than 4 years of compliance program management, legal, governance, audit, risk/loss prevention, or equivalent experience
- More than 3 years of experience in program requirements definition and data and metrics leveraging to drive improvements is preferred
- Experience with regulatory filings and reports or equivalent
- Professional auditing qualification or similar risk or compliance credentials is advantageous
- Experience with SQL and Excel is desirable
- Proficient in Japanese and English

---

**Company Description**

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
