#### Job Description

Shape the future of technology in luxury retail! This is a great opportunity to lead IT strategy, innovation, and digital transformation for a globally recognized luxury brand in the Japan market.

**Client Details**

A prestigious retail powerhouse, known for its rich heritage, and industry-leading innovation. The company operates a vast network of boutiques, with cutting-edge technology to deliver exceptional customer experiences. With a commitment to digital transformation, it continuously invests in IT infrastructure, omnichannel solutions, and data-driven client engagement.

**Description**

As Japan IT Director, you will lead the country's IT strategy with a focus on:

- Retail & Office IT Operations - Oversee helpdesk, infrastructure, network, and cybersecurity for seamless business operations.
- Global IT Initiatives - Implement and support enterprise applications, digital workplace solutions, and security frameworks aligned with global IT strategy.

- Digital & Omnichannel Innovation - Drive CRM, client development, data strategies, and omnichannel experiences, enhancing customer engagement and brand performance.

#### Job Offer

- Executive leadership role at a world-renowned retail brand.
- Tokyo-based position in a dynamic, fast-paced market.
- Opportunity to lead digital transformation and shape the brand's IT landscape.
- Collaborate with global teams in an international retail environment
