Job Description

A Content Moderator is crucial to maintaining the integrity and quality of content that is published on our client's platforms. This role requires strong decision-making skills and the ability to handle potentially sensitive content.

Client Details

Our client is a large organization in the technology and telecoms industry. Known for its commitment to innovation and customer service, the company is a global leader in its field, with a strong presence in Japan.

Description

- Review and moderate content submitted by users
- Enforce community guidelines and standards
- Collaborate with other team members to address user issues
- Report and document moderation actions
- Provide feedback and suggestions to improve the moderation process
- Stay informed about trends in the technology and telecoms industry
- Handle sensitive content with discretion
- Work closely with the customer service department

Job Offer

- An estimated salary range of 3,780,000 - 4,220,000 JPY
- Opportunity to work in a leading company in the technology and telecoms industry
- Supportive and collaborative company culture
- Chance to enhance your skills and career in the customer service department

We welcome all qualified individuals to apply and join our team of professionals. This is an opportunity to engage in meaningful work in a thriving industry.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Michelle Rosette on +813 6832 8698.

Required Skills

A successful Content Moderator should have:

- A degree in a related field
 - Experience in content moderation or a similar role
 - Strong decision-making skills
 - Excellent communication skills
 - Knowledge of the technology and telecoms industry
 - Ability to handle sensitive content with discretion
-
