Job Description

The Marketing Manager Rheumatology will plan and execute effective marketing strategies to enhance the company's brand image in the life science industry. The candidate will also be expected to foster relationships with key stakeholders and drive business growth in Tokyo.

Client Details

The hiring organization is a large, global enterprise that specializes in life science. With a strong presence in Tokyo and other regions, the organization is known for its commitment to scientific advancement, sustainability, and improving the quality of life for many.

Description

- Develop and implement innovative marketing strategies for rheumatology products
- Foster relationships with key stakeholders in the life science industry
- Monitor market trends and competitor activities to stay ahead of the curve
- Collaborate with sales and research teams to optimize marketing plans
- Utilize data-driven insights to drive business growth
- Adhere to industry regulations and company policies

- Conduct market research and provide insightful reports
- Organize and participate in promotional events and product launches

Job Offer

- A competitive salary range of approximately 11.7 million to 14.3 million JPY
- The chance to work in a large, global enterprise in the life science industry
- A supportive work culture that values innovation and collaboration
- The opportunity to make a significant impact in rheumatology
- A location in the vibrant city of Tokyo

If you are a proactive, results-driven marketer who is passionate about life science, we encourage you to apply for this Marketing Manager Rheumatology position.
