Job Description

We are seeking a **Business Analyst** with strong data analysis and communication skills to support software development and process improvement initiatives. This role offers a chance to work on cross-functional projects in a global environment.

Client Details

A global leader in e-commerce, fintech, digital content, and communications, renowned for its innovation work environment. Join us to be part of a forward-thinking company that offers vast opportunities for growth and development in a diverse and inclusive culture.

Description

- Elicit, analyze, and document business and technical requirements.

- Facilitate communication between stakeholders and technical teams.
- Develop and optimize business process models.
- Conduct data analysis and translate findings into actionable insights.
- Support system implementation and process automation projects.
- Participate in Agile ceremonies and contribute to project planning.

Job Offer

- Working time: 09:00-17:30
- Hybrid working style

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Jeff Liao at +81 3 6832 8607.

Required Skills

- Experience as a Business Analyst or similar role.
- Strong analytical, problem-solving, and communication skills.
- Proficiency in Microsoft Office tools (Word, Excel, PowerPoint, Visio).
- Familiarity with SDLC and methodologies like Agile or Waterfall.
- Ability to manage multiple priorities independently or in a team.
