Job Description

This position offers the opportunity to lead credit risk strategy for consumer and commercial card lending products, including revolving credit and installment loans. You'll join a fast-paced risk function that balances innovation and regulatory insight while influencing product, marketing, and operational teams across the organization.

Client Details

A global financial services firm known for its customer-centric culture, innovation in lending products, and strong investment in employee growth and inclusion. The firm is recognized for its hybrid work flexibility, cross-functional collaboration, and holistic benefits.

Description

- Lead design, monitoring, and optimization of credit risk strategies for lending portfolios
- Collaborate cross-functionally with product, operations, risk, and marketing teams
- Translate complex data into actionable strategies and portfolio improvements
- Analyze key metrics, identify risks and opportunities, and present insights
- Support compliance with local regulatory requirements and lending laws
- Drive continuous learning and promote inclusive team culture

Job Offer

- Competitive compensation + performance bonus
- Flexible work model and hybrid work options
- Comprehensive benefits supporting health, finance, and well-being
- Generous parental leave and wellness programs
- Career development, training, and global mobility opportunities

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Carl Iso +818046764473.

Required Skills

- Experience in credit risk, lending strategy, or analytics
 - Strong data analysis skills with tools like SQL, Python, SAS, or R
 - Clear and persuasive communication across cross-functional teams
 - Ability to balance growth and risk to deliver sustainable results
 - Experience with Japan's Installment Sales Law preferred
 - Bilingual fluency in English and Japanese
 - Bachelor's degree required
