#### Job Description

Seeking a passionate Manager for Market Research to drive data-based strategic decisions in the life science sector. The candidate should possess a deep understanding of market research methods, strategic planning, and consultancy in a life science environment.

#### Client Details

Our client is a large organization excelling in the life science industry. With a strong global presence, they are renowned for their innovative approach and high-caliber services. Based in Kobe-Shi, they offer a vibrant and productive work environment.

#### Description

- Lead and manage market research projects to support business objectives.
- Develop and implement strategic plans to meet company goals.
- Analyze market data and forecast trends to guide business decisions.
- Collaborate with internal teams to gather data and insights.
- Present findings to senior management and suggest actionable strategies.
- Manage relationships with external research agencies and vendors.

- Ensure compliance with all regulatory and ethical guidelines.
- Train and mentor team members in market research methodologies and tools.

### Job Offer

- An estimated salary range of 1.35E7 - 1.65E7 JPY.
- A dynamic and innovative work environment.
- Opportunities for professional growth and learning.
- A supportive and diverse company culture.

A unique opportunity awaits you in the vibrant city of Kobe-Shi, where you can leverage your skills and experience in a rewarding role in the life science industry. Don't miss out - apply today!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Dr. Philipp Berndt on +813 6832 8945.

---

### Required Skills

A successful Manager Market Research should have:

- A strong educational background in Life Science, Business, or a related field.
- Extensive knowledge and skills in market research and strategic planning.
- Proven experience in a consultancy role within a life science company.
- Strong analytical abilities and excellent communication skills.
- A proactive approach to problem-solving.
