Job Description

AR Manager role to lead the AR team and support the expansion of the business | Flexible working available, global environment, work in English

Client Details

A global provider of network and communication solutions has been serving businesses since the 1990s, offering high-performance connectivity across key financial and commercial hubs in Europe, Asia, and North America. Its Japan office serves as a strategic base for operations in the Asia-Pacific region, playing a crucial role in delivering advanced network solutions. The company specializes in low-latency connections and high-bandwidth services, catering to enterprises and financial institutions that require reliable and high-speed infrastructure to support their operations across Asia.

Description

- Lead and develop the AR team to ensure timely invoicing, collections, and account reconciliation.
- Monitor receivables and address overdue accounts while supporting customer experience.
- Oversee accurate cash application and drive effective collection processes.
- Manage AR reporting, trend analysis, and month-end closing activities.
- Support credit assessments and manage customer credit exposure.

- Ensure compliance, maintain internal controls, and collaborate with cross-functional teams.

Job Offer

- Flexible working environment
- Career path
- Work in English

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Karisa Djohan on +81 3 6832 8605.

Required Skills

- Degree in accounting, finance, or a related field.
- Several years of experience in accounts receivable, including leadership.
- Strong knowledge of AR processes, credit management, and collections.
- Proficient in ERP systems and Excel.
- Strong communication skills for managing relationships.
- Bilingual proficiency with the ability to analyze and present data.
