募集要項

Reporting directly into the Head of Legal, CHC, the individual will support internal business units and engage with stakeholders. Job responsibilities include:

- Drafting, reviewing and negotiating of agreements and contracts relating to project and transaction work e.g., debt and equity financing structures, battery energy storage/power purchase agreements, engineering, procurement and construction contracts, M&A transactions, joint ventures and partnerships

- Advising on general corporate matters including corporate entity structure and management, compliance, and corporate policies

- Providing legal support to obtain regulatory approvals, filings, licensing, applications, etc., including liaising with national or

local government entities and authorities

- Interfacing with various department personnel in providing legal support, including conducting legal training sessions, corporate secretarial support e.g. drafting of resolutions, minutes of meetings.
 - Managing internal and external stakeholders to understand business objectives and obtain management approvals
 - Provide legal advice and manage disputes as and when required
 - Engage and instruct external counsel and service providers as necessary.
-

スキル・資格

- At least five (5) years of relevant experience, with a law firm or in-house
 - Bachelor's Degree in Law
 - Japanese qualified
 - Native in Japanese and fluent in English
 - Demonstrated ability to work cooperatively and collaboratively with multidisciplinary and multicultural teams and build relationships and trust
 - Excellent time management skills and ability to work independently, multi-task and prioritize work
 - Demonstrated ability to seamlessly provide and coordinate timely and commercial legal advice for multiple projects with competing deadlines
 - High level of attention to detail
 - Problem-solving and thought partnering skills
 - Excellent interpersonal, written, and verbal communication skills
 - Experience in project finance or project development, and experience with transactions involving the energy sector (strong preference for renewables) in Japan. Experience in battery energy storage is a plus.
-
