募集要項

【About the company ...】

The company is a software company whose corporate message is "Speed up your Business."

They accelerate their customers' businesses in various fields such as medical, manufacturing, finance, and entertainment by parallelizing and optimizing software to efficiently utilize multi-core processors and accelerating applications using new

memory technology that realizes power saving and high-speed IO, thereby achieving green IT.

【 Job Description 】

Software development for realizing a robot system

[Specifically, they will]

Development, porting, and speeding up of robot-related algorithms (self-position estimation, obstacle recognition, path planning, and driving control)

Development, porting, and speeding up of image processing and image recognition programs

[What is challenging about this project?]

You can be involved in the cutting edge of the field of automated driving, which is attracting more and more attention every day.

You can be involved in the realization of robots by demonstrating your own technology.

You can immerse yourself in coding and think only about technology.

Improve your skills by sharing technologies with optimization specialists and automated driving engineers.

【 Working time 】

Discretionary Work System

【 Welfare 】

- Full social insurance
- Commuting allowance
- Child allowance
- Recreation Assistance
- Training/Self Development Allowance Resident allowance of 30,000 yen/month
- Travel and accommodation expenses for company trips
- Company expenses for social gatherings
- Maintenance fee for club activities (e.g., ski club: 60,000 yen per person per year; other clubs include golf, futsal, and board game clubs)

【 Holiday 】

- 2 days a week (Saturday and Sunday)
- National Holidays
- Summer vacation
- New Year holiday
- Annual Paid leave, etc.

スキル・資格
