## 募集要項

Finance Business Partner to support development projects overseas | Career growth opportunities, hybrid working available

## Client Details

A well-known healthcare division focuses on developing medical and surgical products. It emphasizes endoscopy, minimally invasive surgical equipment, and therapeutic solutions. Known for its advanced systems, it plays a critical role in several medical fields. The company also produces high-resolution imaging systems for diagnostics and surgeries. With a large global workforce, it continuously innovates and collaborates with healthcare professionals to improve patient care. This global leader in medical technology is publicly traded with over 30,000 employees worldwide.

## Description

- Assess development projects to evaluate financial viability.
- Support business unit decision-making with strategic recommendations.
- Contribute to increasing corporate value through analysis and insights.
- Collaborate with the finance teams in foreign subsidiaries.
- Ensure alignment with corporate objectives and financial goals.
- Report and present findings to senior management.

- Participate in cross-functional meetings to drive informed decision-making and continuous improvement.

#### Job Offer

- Work in HQ and team with global offices
- WFH policy available
