2080410/001

Responsibilities:

- Negotiate and execute project financings and divestitures
- Lead solicitation, negotiation, documentation, and closing of financing structures
- Provide internal and external financial support and quantitative analysis
- Manage all aspects of assigned transactions, including due diligence and financial modelling
- Develop financial models and validate applicable inputs
- Establish and maintain relationships with local banks and providers of debt and equity capital

Requirements:

- Bachelor's degree or above in finance, accounting, or economics
- More than 5 years of power, investment banking, or project finance experience
- Experience with deal structuring, contract negotiations, and capital raising
- Prior power sector is ideal
- Familiarity with various financing and capital structures
- Understanding of basic accounting and GAAP implications
- Fluent level English and Japanese

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
