募集要項

Lead accounting matters for one business unit and manage one subordinate | Global environment, career opportunities, hybrid and flex time available

Client Details

Our client is a global company specializing in precision instrumentation and controls. Headquartered and listed in Europe, our client develops high-tech instruments, advanced sensors, and software solutions for a variety of industries, including pharmaceuticals, electronics, automotive, and industrial automation.

Description

- Advise business unit on financial analysis, risk control, and operational improvements from order to cash and purchase to payment.
- Ensure accurate maintenance of financial records and timely reporting, managing financial statements in both IFRS and J-GAAP.
- Manage Capex, IFRS lease accounting, annual tax reconciliation, and overall treasury activities.
- Support budgeting, financial analysis, and the development of efficient accounting systems and procedures.
- Manage interactions with external consultants, local authorities, and support ad hoc financial management tasks.

Job Offer

- Global environment
- Hybrid and flex time available

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Karisa Djohan on +81 3 6832 8605.

スキル・資格

- Relevant years of experience in finance or accounting, preferably in multinational companies.
 - Comprehensive knowledge of finance and accounting, including relevant regulations and legislation.
 - Proficiency in reporting, budgeting, and forecasting; experience with SAP (S4) is a plus.
 - Excellent interpersonal, presentation, and communication skills (verbal and written).
 - Strong focus on performance, results, risk management, and internal controls.
 - Fluent in Japanese; basic to fluent English with a strong ambition to improve.
-
