#### About External Reporting Team

Accounting & Controllershship is comprised of finance expert teams including External Reporting, Global Consolidation, Japan Accounting, Record-to-Disclose Global Process Owners, International Controller, Accounting Advisory Services and Internal Controls & Business.

Takeda's External Reporting is responsible for managing the Company's external reporting and voluntary disclosures, including preparation and filing of Financial Statements (Semi-Annual Report, Securities Report, Business Report, Form 20-F, etc.) and other disclosures submitted to various regulators such as Tokyo Stock Exchange ("TSE"), Financial Services

Agency of Japan ("FSA"), New York Stock Exchange ("NYSE") and U.S. Securities and Exchange Commission ("SEC").

The External Reporting team is also driving various company-wide initiatives and projects related to disclosure matters to enhance the Company's disclosures and closing efficiencies, as well as implementation efforts on new regulatory requirements and accounting guidance (e.g., sustainability-related financial disclosures, etc.)

#### OBJECTIVES/PURPOSE:

- Manager of External Reporting is responsible for managing periodic / timely external reporting disclosures (English and Japanese) submitted to diverse regulators in Japan and the U.S.
- He or she will lead / support the implementation of regulatory / disclosure-related projects and initiatives through communication and personal interaction with both external auditors and internal business teams located in various countries
- He or she will address accounting matters with other finance expert teams as well as external auditors to the extent required for compiling necessary disclosures including new accounting guidance implementation

#### ACCOUNTABILITIES:

##### Major responsibilities include but not limited to:

- Prepare and file semi-annual and annual reports including consolidated financial statements (IFRS), footnotes and MD&A, and other disclosures compliant with rules and regulations of TSE, FSA and SEC and NYSE (both in English and Japanese)
- Monitor corporate events and assist with regulatory timely filing of press releases and other disclosures to regulators including TSE and SEC
- Manage annual disclosure project (preparation of securities report and Form 20-F) by liaising with various business teams and departments including IR, Treasury, Tax, Legal and others
- Manage external review/audit process (including SOX 404 compliance) and liaise with both internal and external auditors
- Collect and review data to support information included in semi-annual and annual filings by liaising with various business units and functions within the Company and provide guidance as needed to ensure the completeness and accuracy of such information
- Manage key corporate-disclosure initiatives -e.g., implementation of new accounting guidance and regulatory requirements such as ESG disclosure, etc.- by conducting qualitative and quantitative impact analysis and presenting findings to key stakeholders including CFO
- Perform other ad-hoc job duties and projects as needed, including regulatory/filing assistance associated with capital market financing projects, etc.

#### CORE ELEMENTS RELATED TO THIS ROLE:

- Teamwork skills to work effectively in a team environment and foster collaboration
- Strong communication skills both verbal and written (English and Japanese) to effectively convey information and ideas in a persuasive, organized and appropriate manner
- Analytical skills to process financial data / disclosures including peer companies' information with an understanding of basic accounting principles
- Growth mindset to be able to identify strategic opportunities in closing process to improve operational efficiency and effectiveness
- Project management skills to anticipate changing priorities and communicate plans / necessary actions to all affected stakeholders
