募集要項

- As an SFE Manager, you'll oversee the effectiveness of salesforce operations, driving strategic decision-making and resource allocation. Your role will ensure the team delivers high-quality insights that propel business growth.

Client Details

- Our client is a science driven biopharmaceutical company known for its commitment to innovation and excellence. They value strategic thinkers who can lead with data-driven insights, enhance salesforce effectiveness, and drive business success.

Description

- Manage the quality and value creation in SFE, guiding the team to deliver impactful insights.

- Drive strategic decision-making across business units through advanced analytics.
- Collaborate with internal stakeholders to align salesforce strategies with business goals.
- Contribute to strategy development, resource allocation, and incentive scheme creation.
- Discover new data sources to refine sales strategies and tactics.
- Lead the team to maximize organizational capabilities in SFE.

Job Offer

- Competitive salary with comprehensive benefits.
- Opportunities for professional growth in a leading global biopharmaceutical company.
- A collaborative work environment with flexible working options.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Ed Marsden on +813 6832 8981.

スキル・資格

- Experience: 5+ years in the pharmaceutical industry with a strong understanding of SFE.
 - Skills: Advanced Excel/PowerPoint, strategic thinking, and performance management.
 - Competencies: Holistic thinking, data knowledge, and collaborative mindset.
 - Language: Proficiency in both Japanese and English.
