募集要項

We're seeking a Customer Service Manager for a software company, this person will oversee the operations, drive business development, and manage KPIs, costs, and budgeting. This role requires native-level Japanese and fluent English skills, with responsibilities including stakeholder management and strategic planning.

Client Details

Global software and hardware company.

Description

- Oversee and manage various operational aspects of the call center, handling multiple accounts.
- Drive business development initiatives to expand client base and service offerings.
- Develop, monitor, and improve KPIs to ensure optimal performance and efficiency.
- Manage cost and budgeting processes to align with financial goals.
- Enhance stakeholder relationships and manage client expectations.
- Implement strategic plans for operational improvements and process enhancements.
- Collaborate with international clients, utilizing strong English communication skills.

Job Offer

Salary: Up to 14M JPY - negotiable depends on your experience
