## 募集要項

Come and join a growing business in the renewable energy business with a strong fund from the government. This role is primarily responsible for handling monthly closings, while yearly closings are not required. The role also involves regular communication with other departments.

## Client Details

A Japanese company is dedicated to advancing energy storage technologies, particularly in the area of high-performance lithium-ion batteries. They focus on creating efficient and sustainable storage solutions for a range of applications, including electric vehicles, renewable energy systems, and consumer electronics. The company's efforts center around innovation in battery chemistry, safety, and energy density, addressing the increasing need for reliable and eco-friendly energy storage. This work aligns with Japan's broader goals of promoting green energy and maintaining technological leadership in the global energy storage market.

## Description

- Financial Reporting: Ensure the accuracy and timeliness of financial statements, including monthly and help to prepare financial statements in compliance with J-GAAP.
- Prepare and maintain accurate financial statements, including balance sheets, income statements, and cash flow

statements.

- Ensure compliance with accounting standards and regulatory requirements.
- Work closely with other departments to ensure accurate financial reporting.

#### Job Offer
