### 募集要項

We are seeking a Technical Consultant (all level) to support clients in the implementation of PLM solutions. This is a global US software company operating in Japan.

米国に本社を置くソフトウエア企業にて、シニアテクニカルコンサルタントとしてPLMソリューションの導入をリードいただきます。

**Client Details**

Our client is a global leader in digital transformation, providing software solutions that merge the physical and digital worlds. Their specialities are product lifecycle management (PLM), IoT, augmented reality (AR), CAD software solutions, and more. With nearly 7,000 employees worldwide and 180 employees in Japan, the company empowers organisations to enhance operations, innovate product development, and improve business outcomes. Known for its commitment to fostering growth and innovation, the company offers a dynamic environment where professionals can thrive and make a real impact.

**Description**

- Lead the implementation of PLM systems and support system development, training and stabilisation.
- Build trust and maintain long-term relationships with clients through effective communication and solution delivery.
- Provide professional services for infrastructure support, including IoT/AR solutions.
- Work closely with internal teams, leveraging strong technical and communication skills to drive successful project outcomes.

- PLMシステムの導入をリードし、システムの開発、トレーニング、定着化を支援する。
- クライアントとの信頼関係を構築し、効果的なコミュニケーションとソリューション提供を通じて、長期的な関係を維持する。
- IoT/ARソリューションなどのインフラ支援のプロフェッショナルサービスを提供する。
- 技術力とコミュニケーション能力を活かし、チーム内およびクライアントと協力してプロジェクトの成功に導く。

**Job Offer**

- Work with a global leader in digital transformation and advanced technologies.
- Opportunities for professional growth and career development in a supportive, dynamic environment.
- Engage in impactful projects that drive innovation and transform industries.
- Flexible remote work. Mainly remote with occasionally on-site client visits in Kanto area.
- Competitive benefit package.
