募集要項

Introduction:

Join our forward-thinking team, a premier luxury e-commerce mall in Japan, as we seek a talented and analytical UX/UI Designer. In this role, you will use your expertise in user experience design and data analysis to create elegant and intuitive shopping experiences that reflect the sophistication and exclusivity of our brand. Your work will directly contribute to enhancing user satisfaction and driving business growth.

Responsibilities:
● Design Development: Conceptualize and implement visual elements of the website, ensuring a seamless and aesthetically pleasing interface across all devices.
● User Research: Conduct user research and usability testing to gather insights that inform design decisions. Utilize a variety of data-gathering techniques to ensure a deep understanding of user behaviors and needs.
● Data Analysis: Regularly analyze performance metrics and user feedback to refine and optimize the user experience. Employ tools such as Google Analytics, heat maps, and A/B testing to inform design improvements.
● Collaboration: Work closely with cross-functional teams, including developers, marketers, and product managers, to create

cohesive and innovative design solutions that align with business goals.
● Prototyping and Wireframing: Develop wireframes and prototypes to propose new features or enhancements based on user data and business requirements.
● Continuous Improvement: Keep abreast of the latest UX trends, tools, and technologies to continuously improve our digital presence.

スキル・資格

● Bachelor's or Master's degree in UX/UI Design, Interaction Design, Graphic Design, or a related field.
● 3+ years of professional experience in UX/UI design, preferably in an e-commerce or luxury retail environment.
● Proficiency in design tools such as Sketch, Adobe XD, Figma, and Adobe Creative Suite.
● Strong understanding of front-end technologies including HTML, CSS, and JavaScript.
● Proven ability to analyze data and make informed design decisions.
● Excellent problem-solving, communication, and teamwork skills.
