募集要項

Accounting role to support the Finance Director with daily transactions | Great corporate culture, WFH and flex time available

Client Details

Founded in the mid-1980s and headquartered in the U.S., our client is a global company specializes in providing innovative medical technologies. It offers advanced solutions in diagnostics, surgery, and related areas, with a strong market presence in key health technologies. Our client employs several thousand people across more than 100 countries and is publicly listed on a major U.S. stock exchange.

In Japan, our client provides advanced medical technologies to support the healthcare system with innovative solutions. It has offices in the major cities, ensuring nationwide presence. The company employs around 100 people in Japan, contributing to the improvement of health through early detection and minimally invasive treatments.

Description

- Oversee receivables, including collections, credit management, and revenue processes.
- Manage payables, expense reports, accruals, and ensure compliance with local regulations.

- Analyze and manage inventory, focusing on key reserves and costs.
- Handle asset management, ensuring reconciliation, equipment oversight, and tax filings.
- Manage cash flow, including reconciliations and necessary entries.
- Perform monthly closing tasks and prepare financial reports.

Job Offer

- Great corporate culture
- Competitive salary
- Career path
- WFH and flex time available

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Karisa Djohan on +81 3 6832 8605.

スキル・資格

- Relevant experience in finance-related roles.
- Proficient in English and Japanese, both written and spoken.
- Advanced skills in Excel.
- Excellent communication and organizational abilities.
- Strong problem-solving capabilities.
- Familiarity with ERP systems.
