募集要項

A global manufacturing company is looking for an APAC Procurement Category Specialist. The selected candidate will oversee procurement category ownership and drive supplier consolidation for cost savings. This is a hybrid role.

A multinational manufacturer of familiar brands of products which range from stationery, industrial materials, and chemical goods to medical devices among others.

Keywords:

サプライチェーン, 物流, ロジスティクス, 求人, 外資系

2108550/001

Responsibilities:

- Manage category ownership for specific services and products
- Support supplier optimisation to achieve cost efficiencies
- Drive initiatives for cost reduction and process improvement
- Facilitate supplier selection and maintain relationships
- Address complex procurement challenges and strategies
- Analyse procurement data to enhance service and efficiency
- Build partnerships with internal stakeholders and suppliers
- Negotiate agreements for various supply relationships

Requirements:

- Bachelor's degree or above
- More than 7 years of sourcing, procurement, logistics, supply chain, engineering, or manufacturing experience in a private, public, government, or military setting
- Experience in procurement with contract manufacturers is preferred
- Prior experience in project management is ideal
- Proven experience collaborating with internal and external stakeholders on complex projects
- Fluent level written and spoken Japanese and English

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
