## ■Job Description Summary

Lead scientific engagement with their Medical Experts. Implement clinical and educational strategies and respond to unsolicited medical enquiries. Lead field medical activities in collaboration with cross functional teams and mentor other Field Medical associates.

#### ■Major Accountabilities

- Provide excellent coaching for MSL members to continuously improve actionable insight generation and establish a strong strategic long term engagement with HCP/HCS. Approximately 50% of the MSL group manager's time should be spent on coaching.
- Collect and generate actionable insights from HCP/HCS/Patients on healthcare ecosystem and treatment landscape both at national and area specific level to be incorporated into Novartis launch strategies and tactics
- In collaboration with MSLs and the Medical Lead creation of field medical strategic and tactical plans (MEEP) aligned with Japan medical franchises and Medical Excellence and Execution. Accountable for execution of plans.
- Create/Drive improved treatment pathways in collaboration with MSLs Medical Lead and other relevant functions (e.g. V A Ecosystem) engaging with National/Local HCP and HCS
- Up to date scientific training of field medical team to support timely and robust scientific discussion with HCP/HCS
- Guideline related communication to ensure appropriate positioning and patient access
- Provides holistic view of Japan MSL effectiveness through the development and analysis of KPIs reporting dashboards and Japan MSL value communications to leadership; communicates Japan MSL value and impact to the broader organization
- Support RC/IIT

#### ■Key Performance Indicators

- Quality and quantity of field medical activities and actionable insights
- Voice of Customer feedback on scientific quality of MSL interactions
- Customer NPS score in relation to trust and reputation

---

### スキル・資格

#### ■Education:

- Bachelor's degree

#### ■Languages:
