募集要項

A global machinery manufacturer is looking for a Senior Controlling Analyst. The selected candidate will provide insights and recommendations to enhance financial decision-making.

This global company is a leading producer of highly specialised equipment and among the longest running operations in the business. Their products provide important solutions for a wide variety of sectors, and the company's tens of thousands of employees promise to continue innovating towards an even brighter future.

Keywords:

2118710/001

Responsibilities:

- Deliver insights and recommendations through data reports and visualisations
- Analyse data thoroughly to support informed financial decisions
- Develop and maintain accurate financial models and forecasts
- Examine financial and non-financial data to identify trends and patterns
- Automate reporting processes using RPA for efficiency and accuracy
- Collaborate with cross-functional teams to align financial performance with business goals

Requirements:

- Bachelor's degree or above in data analytics or a relevant domain
- More than 5 years of experience in reporting and data analysis
- More than 5 years of experience in the finance domain
- Experience in FMCG is ideal
- Proficient in data analysis tools (MS Excel, Tableau, Python, SAS, etc.)
- Knowledge with financial software (SAP, BI, BW, Smart View, etc.)
- Proficient in Japanese (English is a plus)

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
