#### ABOUT CIC & CIC FUKUOKA

CIC builds and operates a global network of innovation campuses where startups, scale-ups, corporations and public entities connect, work, and grow. Founded in 1999, CIC manages more than 111,000 square meters of innovation-focused workspace, laboratories, and event space across North America, Europe and Asia. Additionally, CIC develops innovation-related programming, builds and enables industry clusters, and provides world-class innovation consulting.

CIC Fukuoka, set to open on the 7th floor of the Shin Fukuoka Building, will encompass approximately 3,500 m2, featuring around 140 private offices, a co-working space with 40 seats, and shared conference rooms. Similar to CIC Tokyo, our first Asian site which launched in October 2020 in the Minato-ku business district, CIC Fukuoka is poised to become another leading innovation hub in Japan. It will also include amenities like conference rooms, kitchen/café space, game room and others, aiming to replicate CIC Tokyo's success and reputation as a prestigious center for startups and innovation, known for hosting VIPs and fostering new businesses.

#### YOUR DAY-TO-DAY WORK

You will be working alongside the leadership team in Fukuoka selling a product and service that has a great reputation. You will help build a positive name and awareness of CIC in Fukuoka to develop leads, attract new clients, and maintain a strong relationship supporting them once they are clients operating within the space. You will also be responsible for developing relationships to integrate CIC Fukuoka into the local community.

In addition to the above, you will:

- Think creatively about how we can attract leads. Support efforts (marketing campaigns, direct outreach, networking) to develop and bring in potential clients.
- Work with prospective clients to determine if CIC is the right place for them to start or grow their business.
- Be a resource for building external relationships within the community.
- Lead tours for prospective clients and informational groups, such as students or visiting delegations.
- Help drive the creation and implementation of new programs and initiatives around new sales, client support, and overall business development and expansion. For example, if you have marketing experience, there may be opportunities to work on our website, support our online social media efforts, or reach out to the local community.
- Manage a client portfolio and provide oversight to assist our clients in getting the most out of their experience at CIC. For example, as a client's business evolves, so does their need for office space, and you will be responsible for helping them find the right solution.
