2096240/001

Responsibilities:

- Compile and maintain long-term financial models for OEM projects
- Update financial forecasts based on business conditions
- Track and update the bill of material forecasts
- Partner with sales to address financial impacts
- Support general ledgers and financial statements for sales
- Ensure accurate and timely financial results for sales-related topics

Requirements:

- Bachelor's degree or above in accounting, finance, economics, or business administration is a plus
- 3-5 years of experience in a related finance role
- Experience in an international setting
- Ability and willingness to travel
- Fluent level reading, written, and verbal Japanese and English

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
