募集要項

Position: Business Analyst Assistant Manager**Location:** Bangkok (Rama 3)

JAC Recruitment is partnering with one of the leading public companies to identify a highly qualified candidate for the Business Analyst Assistant Manager position. The company is expanding its development team and is focused on leveraging cutting-edge technologies to drive business growth.

If you are interested, please review the detailed job description below.

Responsibilities:

- Collaborate with the IT team to launch new software solutions (Go Live projects).
- Develop policies and standard operating procedures (SOPs) for data collection and evaluation.

- Perform critical data analysis, screening, and profiling to identify issues (e.g., Insufficient Knowledge Documents, FAQs).
- Create innovative methods for data analysis to optimize reporting processes (e.g., New Reports, Reducing Manual Reports).
- Continuously assess and refine analytics to improve performance (e.g., application monitoring, change requests enhancement).
- Manage the data warehouse by gathering and utilizing data effectively.
- Enhance business intelligence understanding to support ongoing process improvements.
- **Responsible for creating System Requirement Specifications (SRS), System Software Requirement Specifications (SSRS), and detailed design specifications.**

Qualifications:

- Bachelor's Degree or higher in Business Administration, Computer Science, or a related field.
- A minimum of 5 years of experience in Business Analysis, Project Management, Product/Process Management, or IT Solution Design.
- Strong analytical skills and a proven track record of successful project execution.
- Initiative and drive to implement system enhancements and process improvements.
- Knowledge of the shipping industry is an advantage.
- Excellent communication, interpersonal, and presentation skills.
- Proficiency in English.
