募集要項

We are seeking a Senior FP&A Manager / FP&A Manager for a permanent position in the Accounting & Finance department. The successful candidate will have a strong background in Industrial / Manufacturing and proficiency in ERP.

Client Details

Our client is a large organization in the Industrial / Manufacturing sector. They are a highly respected firm known for their commitment to excellence and integrity in Japan. They strive to promote a supportive work environment and encourage their employees to thrive and succeed.

Description

- Oversee the financial planning and analysis operations
- Guide the company's financial strategy and decisions
- Utilize ERP systems for financial management and data analysis
- Manage the preparation of budgets and financial reports
- Communicate financial performance and forecasts to senior management
- Provide recommendations to improve financial performance
- Ensure compliance with financial regulations and standards

- Collaborate with various departments to align financial management with company operations

Job Offer

- A competitive compensation package
- Opportunity to work in a hybrid work environment
- Possibility to succeed the local CFO
- Joining a supportive company culture in the Industrial / Manufacturing industry

We strongly encourage interested candidates to apply and seize this exciting opportunity to grow in their career.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Saki Kanematsu at +81 3 6832 8904.

スキル・資格
