募集要項

OVERVIEW

A German plastic packaging quality inspection machines and solutions provider which has been operating business in Europe for over 30 years.

KEY REQUIREMENTS

- Experience in camera or x-ray technologies for packaging producing or inspection machines.
- Strong background in Electrical or Electronics Engineering
- Arabic and English communication skills.

JOB RESPONSIBILITIES

- Perform technical service tasks to customers; for example installation, commissioning, troubleshooting, routine maintenance (preventive and corrective), calibration, update, extension, replacement, etc.
- Identify complex technical problems/errors and make analysis through remote or on-site activity to ensure the optimum efficiency of the system
- Train clients on the proper use, care, and maintenance of products and systems to ensure safe and effective operation
- Contribute the customer satisfaction by executing service work according to customer orders and expectations. Nurturing solid connections with clients, promptly and professionally attending to their inquiries and requirements
- Maintain accurate records of service activities, including service reports, equipment history, and inventory management
- Create the documents relevant to the billing of service assignments

JOB REQUIREMENTS

- Minimum 3 years of Proven experience as a services technician or engineer
- Excellent communication skills for effective client interactions
- Able to travel 70% of work within responsible region (Arab countries)
- Native Arabic-speaking and business-level English communication skills
