募集要項

This role involves managing and scheduling security testing projects across multiple departments and global organizations, ensuring the quality and security of services and products. Responsibilities include coordinating with development teams worldwide, supporting security team operations, and handling project scoping, quotations, and billing.

Client Details

A global leader in e-commerce, fintech, digital content, and communications, renowned for its innovation work environment. Join us to be part of a forward-thinking company that offers vast opportunities for growth and development in a diverse and inclusive culture.

Description

- Work with the global security team to maintain high security standards for services and products.
- Coordinate with international development teams to schedule security testing.
- Attend project meetings and provide operational support to the security team.

- Assess project scope and timelines to prepare quotations and billing.

Job Offer

- Working time: 09:00-17:30
- Hybrid working style

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Jeff Liao at +81 3 6832 8607.

スキル・資格

- Experience in project management.
 - Basic knowledge of IT, including internet and information security.
 - High enthusiasm for information and cybersecurity, and a willingness to learn.
