募集要項

JOB RESPONSIBILITIES

- **Compliance Management:** Ensure all construction activities adhere to specifications, budgets, and timelines.
- **Design Development:** Create and review M&E (Mechanical & Electrical) designs and drawings in line with project requirements and regulatory standards.
- **Collaboration:** Partner with contractors and consultants to address and resolve installation challenges.
- **Progress Monitoring:** Oversee project progress and quality, addressing any on-site issues promptly.
- **Reporting:** Prepare and submit regular status reports, detailing progress, risks, and mitigation strategies.
- **Documentation:** Develop and manage shop drawings, Revit BIM models, as-built drawings, and other construction documents.

- **Procurement Coordination:** Work with procurement teams to source and secure necessary project supplies.
- **System Testing & Handover:** Support system testing and ensure a smooth handover of completed M&E installations

JOB REQUIREMENTS

- Min 2 years working experience in handling drafting for building.
- Degree in Mechanical, Electrical, or equivalent will be advantageous
- Strong in using BIM (Revit) and CAD software will be addition values
