募集要項

【Position】

Assistant Engineer (Japanese speaking)

【Overview】

A leading provider of advanced inspection and measurement solutions, we specialize in applied optical technologies with focus on semiconductor-related inspection systems. Our Singapore-based subsidiary supports customers with maintenance services for mask inspection machines.

【Responsibilities】

- Provide technical support to customers on-site or remotely.
- Troubleshoot and repair machines at customer locations.
- Install new testing systems and software updates.
- Work on projects such as developing manuals, SOPs, and other technical documentation

【Requirements】

- Diploma or Degree in Electronics, Mechatronics, or a related field.

- Proficiency in Microsoft Office (Excel, Word).
- At least 1 year of experience in the semiconductor industry.
- Previous experience in customer support.
- Knowledge of laser systems, oscilloscopes, spectrum analyzers, and other related instruments.
- Candidate who requires work pass need not apply. (Singaporean and PR)
- A team player.
- Has strong interpersonal skills with good oral and written communication skills.
- Able to travel overseas frequently and on short notice.
- Flexible to work overtime or on selected weekends and public holidays, if required.
- Self-driven in pursuing technical knowledge needed for the job.

[Others]

- **Salary:** 4,000~4,500 SGD (determined based on experience)
- **Working Hours:** 9:00am-6:00pm Working in the client site or office
- **Bonus:** AWS and VB
- **Annual Leave:** 14 days in the first year. From the following year, +1 day/year, up to a maximum of 20 days
- **Medical Leave:** 14 days
- **Medical:** Expense Reimbursement AND Group health Insurance
- **Interview:** 2 rounds

I regret to inform that only shortlisted candidates will be contacted by JAC consultants, thank you for your understanding.
