#### 募集要項

#### COMPANY OVERVIEW

A company specializes in optimizing paper manufacturing processes and preventing defects and paper breaks. They focus on enhancing productivity and operational support in paper mills through the development of anti-contamination chemicals, application devices, and integrated control systems. Their innovations aim to improve efficiency and ensure high-quality paper production. These solutions are widely adopted in the industry to maintain smooth and efficient operations.

#### JOB RESPONSIBILITIES

- Visit clients in Spain for equipment maintenance, customer satisfaction checks, and gathering new needs.
- Measure installation sites and create installation diagrams, conduct meetings with customers on installation schedules and task distribution.
- Perform equipment installation and follow-up on its effectiveness.

- Serve as the contact point for assigned customers.
- Periodic visits (once every 1-2 months) to European HQ in Düsseldorf for information exchange.

#### **JOB REQUIREMENTS**

- Business-level Spanish and English.
- Around 5 years of practical experience.
- Experience in machinery maintenance and creating diagrams.
- Valid driver's license.
- Proficiency in Word, Excel, and PowerPoint.

#### **BENEFITS**

Add a list of benefits, not just the economic ones. What makes them choose our offer over the competitors? Medical insurance, family help, nurseries, complementary training, ...

- Base location is your home, with visits to clients by using a car or public transport. (No company car to be provided.)
- Initial 1-2 months of training and OJT in European HQ located in Düsseldorf.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
