募集要項

Company:

Our client is a prominent global IT service provider that excels in custom software design, IT consultancy, and infrastructure management. They deliver high-performance, large-scale systems like API Gateways and message queues, ensuring smooth global operations and enhanced system reliability. Their comprehensive IT solutions help businesses eliminate challenges, optimize resources, and boost productivity.

Requirements:

- Minimum 5 years of experience in team leadership, including managing team budgets, schedules, and resources.
- Excellent communication skills in English; proficiency in Japanese and Mandarin is a plus.
- ITIL V3/V4 certification is required.
- Knowledge of OnPrem, Cloud, Network, and Server operations for cost estimation purposes.
- Bachelor's degree in any field.

- Demonstrated ability and desire to adapt to new technologies.
- Ability to work independently in a fast-paced environment.
- Familiarity with cloud services-related software and hardware technology and products is advantageous.
- Experience with projects related to software-defined data centers or cloud service infrastructure is a plus.
- Willingness to travel for project assignments is beneficial.

Responsibilities:

- Manage team budget during closing periods and yearly budgeting or forecasting.
- Accurately allocate and manage resources.
- Oversee internal proposal processes before sharing with customers.
- Handle knowledge transfer and operation handover between project and operation teams as needed.
- Manage relationships with business partners and vendors.
- Maintain customer relationships when necessary.
- Lead and guide team members in estimating maintenance and operation support costs.
- Escalate and report major project issues to managers.
- Provide daily reports to managers on budget, resources, and operation forecast schedules.
- Conduct daily team management and meetings as a mandatory task.

Working Location: Singapore, Central
