募集要項

Requirements:

- A bachelor's degree in chemistry, chemical engineering, business administration, or a related field is often preferred.
- Previous sales experience, particularly in a B2B environment. (Chemical products)
- Fluency in English is essential, as representatives must effectively communicate product benefits and technical details to clients.
- Strong relationship-building skills are necessary to establish trust and rapport with clients.
- Strong communication skills, technical knowledge of chemical products, and the ability to understand customer needs.

Job descriptions:

- Promoting and selling chemical products, ensuring that potential customers understand the benefits and applications of the products.
- Excellent customer service is essential, as representatives must address client inquiries, provide product information, and resolve any issues.
- Developing and implementing effective sales strategies to drive revenue growth.
- Identifying and pursuing new business opportunities.
- Conducting market research to understand industry trends and customer needs.

Benefits:

- Bonus
- Provident fund

Interested candidates, please send your resume in English, along with a recent photo and your expected salary, to us by email.
