募集要項

An international retail Beverage company is looking for an Operations Manager to oversee the end-to-end establishment and operation of their outlet.

Key Responsibilities:

- Develop a comprehensive business plan, including market and location surveys, budget, costing, and financial forecasts.
- Obtain necessary licenses, manage vendor negotiations for equipment and supplies, and coordinate with contractors and designers to ensure timely and cost-effective project completion.
- Develop standard operating procedures (SOPs) for all aspects of store operations.
- Recruit, train, and onboard store staff, ensuring they meet quality and service standards.

- Oversee the daily operations, monitor sales performance and ensure customer satisfaction.
- Analyze market trends and competitor performance to adjust strategies as needed.
- Propose initiatives to increase profitability and brand visibility.

Requirements:

- Minimum of 5 years in F&B operations or project management, preferably with experience in setting up new outlets.
- Excellent command of verbal and written Mandarin to deal with China stakeholders.
- Strong project management, organizational, communication and negotiation skills.
- Knowledge of F&B industry regulations and standards.
- Proficiency in budgeting and financial analysis.
