募集要項

Join a global and rapidly growing Japanese fintech pioneer and support the CFO and commercial team | International environment, WFH and flex time available, career path

Client Details

This client, founded in Japan around the 2000s, focuses on delivering digital payment and e-commerce solutions customized for the local market. Their platform supports a variety of localized payment options, ensuring smooth transactions for international businesses. Known for their deep market knowledge and trusted partnerships, the company helps businesses navigate the complexities of Japan's digital landscape. The Japan office has a workforce of about 100 staff.

Description

- Oversee the development of financial forecasts and reports.
- Contribute to strategic planning and program development.
- Provide accurate and timely financial insights and reporting.
- Advise on the financial implications of long-term plans and changes.
- Support leadership with analysis of budgets and financial trends.
- Lead financial reviews and recommend actions to optimize performance.

Job Offer

- Career progression
- WFH and flex time available
- Competitive benefits
- Global working environment
