募集要項

Highlight:

- Hybrid Working
- Collaborative Team Culture
- Global Environment Company.

Location: Sathorn Bangkok (Hybrid, BTS accessible)

Job Responsibilities:

- Lead the full implementation of our Financial Accounting and ERP application software (Financial modules).
- Collect and analyze customer requirements to ensure the system meets their needs.

- Build and configure the system according to specifications.
- Conduct training sessions for customers to ensure they can effectively use the system.
- Manage User Acceptance Testing (UAT) to validate the system's functionality.
- Provide ongoing support to customers post-implementation to resolve any issues and ensure smooth operation.

Qualifications:

- Bachelor's Degree or higher in Accounting, Accounting Information Systems (AIS), Information Technology, or related fields.
- Proven experience in using or implementing ERP Accounting modules or Enterprise Performance Management (EPM) software.
- Service-minded with a strong customer focus.
- Self-motivated and a fast learner.
- Excellent problem-solving, analytical, negotiation, and presentation skills.
- Ability to work in an international environment and communicate effectively in English.
