## 募集要項

The HRBP will provide a range of HR services, focusing primarily on the Life Science department of our Tokyo-based organization. The role will ensure the effective and consistent delivery of HR programs and initiatives within the team.

## Client Details

Our client is a large organization operating within the Life Science industry. With a commitment to innovation and excellence, they are recognized for their significant contribution to their field. Based in Tokyo, they maintain a global reach and a reputation for high-quality products and services.

## Description

- Provide HR support for the Life Science department, including recruitment, training, and development.
- Work closely with management to identify HR priorities and strategies to align with business goals.
- Guide and advise leaders on the implementation of HR policies and processes.
- Manage and resolve complex employee relations issues

**Job Offer**

- Company benefits, including a 14M package.
- Opportunity to work within a large, globally recognized organization.
- Work within a team that values collaboration and innovation.
- Permanent, full-time position based in Tokyo.
