募集要項

An exciting opportunity for an experienced credit risk professional to join a global financial institution. This role focuses on assessing and managing credit risk for non-flow and structured transactions, including leveraged lending, acquisition financing, and sponsor-related deals.

Client Details

Our client is a leading global financial institution with a strong presence in Japan. Their Credit Risk team plays a crucial role in managing structured credit transactions, ensuring adherence to global risk policies, and maintaining a strong risk governance framework.

Description

- Lead credit risk assessments for complex transactions, including leveraged lending and acquisition financing.
- Provide independent credit analysis and challenge deal teams to ensure effective structuring.
- Conduct financial modeling, due diligence, and risk evaluations on counterparties and transactions.
- Oversee risk management strategies and ensure compliance with credit risk policies.
- Engage with internal and external stakeholders, including global risk teams and regulators.
- Monitor existing credit portfolios, identify key risks, and recommend mitigation strategies.

- Stay informed on market trends, regulatory changes, and emerging risks.
- Mentor junior team members and contribute to risk governance initiatives.

Job Offer

- High-impact role managing structured credit risk in a top global financial institution.
- Competitive salary, flexible work arrangements, and career development opportunities.
- Exposure to complex credit transactions and collaboration with global teams.
- Comprehensive benefits, including corporate insurance and wellness programs.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Carl Iso +818046764473.

スキル・資格

- Minimum 5 years of experience in credit risk management, leveraged finance, or structured transactions.
- Strong analytical skills for assessing complex credit risk profiles and financial structures.
- Experience in sponsor deals, acquisition financing, and syndicated lending.
- Proficiency in credit documentation and risk management strategies.
- Fluency in both Japanese and English.
- Bachelor's degree in Finance, Economics, or a related field.

Preferred Qualifications:

- CFA, FRM, or an advanced degree in finance.
 - Experience leading cross-functional teams in credit risk management.
 - Knowledge of emerging trends in leveraged finance and credit risk regulations.
-
