募集要項

The Cost Accountant will play a pivotal role in the Accounting & Finance department of a leading company in the Life Science industry. Based in Aichi, the role involves the management of cost accounting activities and the development of cost control systems.

Client Details

Our client is a significant player in the Life Science industry, operating on a global scale. They are a large organization with a strong presence in Japan. Known for their innovative approach, they strive to improve patient care and advance healthcare delivery.

Description

- Oversee and manage all cost accounting operations.
- Develop and implement cost control systems and strategies.
- Prepare cost analyses and budget reports.
- Coordinate with the Finance department to ensure accurate financial reporting.
- Identify and recommend cost-effective solutions.
- Ensure compliance with accounting standards and regulations.

- Collaborate with other departments to optimize business procedures.

Job Offer

- Competitive compensation package
- A chance to work in a vibrant and multicultural environment.
- Opportunities for professional growth and career advancement.
- Relocation support for candidates outside Aichi.

If you are a driven professional looking to make a significant impact in the Life Science industry, this Cost Accountant role could be your next career move. Don't hesitate, apply today!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Saki Kanematsu at +81 3 6832 8904.

スキル・資格

A successful Cost Accountant should have:

- A degree in Accounting, Finance, or a related field.
- Proficiency in cost accounting and financial analysis.
- Good numerical skills and attention to detail.
- Ability to effectively communicate and collaborate with various teams.
- Strong proficiency in English and Japanese.

会社説明
