募集要項

We are looking for a self driven Accountant to oversee our client's accounting department's operations, ensuring that their financial operations are accurate and effective. You will also oversee bookkeeping and ensure compliance with JGAAP.

Client Details

Our client is a renewable energy developer based in Tokyo, specializing in solar projects, . Their team has extensive international and local experience, focusing on solar and energy storage projects.

Description

- Participate in regular tax audits and payroll.
- Prepare budgeting reports and forecast revenue.
- Organize financial data into useable information and maintain updated records.
- Track the progress of financial and accounting objectives.
- Ensure compliance with the law

Job Offer

- A competitive salary package ranging from 7,000,000 JPY.
- A supportive and friendly work environment in the Renewable Energy industry.
- Opportunities for professional development and growth.

We welcome all qualified candidates who are ready to take their career to the next level!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Francois Yanase.

スキル・資格

A successful Accounting Manager should have:

- Strong interpersonal, communication and self motivated person
- Able to manage, guide and lead employees to ensure appropriate financial processes are being used.
- A solid understanding of financial analysis and forecasting.
- Understands process of tax filing
- Has a foundation in SAP
