募集要項

A global pharmaceutical company is looking for a Demand and Supply Planner. The selected candidate will manage demand forecasting, inventory optimisation, and supply coordination to ensure seamless operations.

This worldwide pharmaceutical company based in Europe concentrates on dermatological products and treatments. With a presence across several countries and thousands of employees, this company continues to innovate in its field.

Keywords:

需給計画, 在庫管理, 物流管理, 予測分析, サプライチェーン, 求人, 外資系

Job Ref: VJMX2W

Responsibilities:

- Prepare rolling demand forecasts and support demand review meetings
- Propose demand forecasts based on statistical analysis and market trends
- Analyse forecast accuracy, sales trends, and SKU performance
- Ensure demand forecast alignment with financial projections in collaboration with finance
- Coordinate with manufacturing plants to optimise product supply and inventory levels
- Manage shipping data, generate reports, and ensure timely delivery
- Communicate with LSPs to ensure customs compliance and regulatory requirements
- Monitor slow-moving stock and develop clearance plans with the commercial team

Requirements:

- Hands-on experience in demand forecasting, planning, and S&OP processes
- Prior FMCG industry experience preferred
- Proficient in MS Office Suite
- Excellent data management capabilities
- Business level Japanese and English

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
