募集要項

An international industrial filtration manufacturer is looking for an SCM Specialist. The selected candidate will manage procurement, logistics, and inventory to ensure timely customer supply while optimising resources.

A global leader in filtration technology, this company specialises in innovative solutions that enhance air and fluid quality across automotive, industrial, and life sciences sectors. With cutting-edge research and a strong commitment to sustainability, it delivers high-performance filtration systems that drive efficiency and environmental protection.

Keywords:

サプライチェーン管理, 購買, 物流, 在庫管理, 国際貿易, 輸入業務, 求人, 外資系

Job Ref: D1H97P

Responsibilities:

- Create purchasing plans based on sales forecasts and actual demand
- Place purchase orders and manage delivery schedules from pickup to completion
- Coordinate with forwarders and oversee inbound logistics processes
- Manage 3PL warehouses, deliveries, and packaging materials
- Participate in customer meetings and support procurement scheduling
- Handle SAP operations, including order entry, inventory management, and invoicing

Requirements:

- More than 3 years of experience in international trading and logistics, primarily importation
- Experience in customer service and 3PL warehouse management
- Proficient in SAP for logistics operations and MS Excel (Pivot tables, calculations)
- Native level Japanese; business level English

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
