## 募集要項

An exciting opportunity for a risk leader to join a globally recognized financial institution. This role involves building and enhancing enterprise risk governance in Japan, contributing to strategic decision-making, and managing regulatory relationships across all risk categories.

## Client Details

Our client is a trusted name in global financial services, known for its customer-centric approach, strong risk culture, and innovative thinking. With operations in over 100 countries, the company is now enhancing its enterprise risk function in Japan to support long-term growth and regulatory excellence.

## Description

- Establish second line of defense risk governance in line with Japan regulations.
- Define risk appetite metrics, thresholds, and escalation criteria.
- Identify emerging enterprise risks and monitor the aggregate risk profile.
- Participate in key governance committees and provide oversight on critical controls.
- Continuously improve the enterprise risk framework for Japan.
- Collaborate with 1st line and control functions (Compliance, Treasury, GCO, etc.).

- Support internal control and regulatory readiness for exams and safety & soundness.
- Deliver effective challenge and advisory to business teams across risk stripes.

#### Job Offer

- Opportunity to build and lead enterprise risk governance in Japan.
- Flexible work model with hybrid options.
- Competitive salary, bonus, and world-class benefits package.
- Career growth and development within a globally respected institution.

If you are a dedicated and ambitious professional looking for a rewarding career in risk management within the financial services industry in Tokyo, we encourage you to apply today.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Carl Iso +818046764473.

---

#### スキル・資格

- Strong experience in enterprise or operational risk.
- Strong knowledge of Japan's regulatory landscape and risk governance.
- Excellent analytical ability to assess and connect risk across business lines.
- Effective communicator in both Japanese and English (written and verbal).
- Proven stakeholder management skills across all levels of the organization.
