募集要項

A Supervisor, Distribution & Logistics, will be responsible for overseeing and streamlining all distribution and logistic operations within a healthcare setting. The role requires someone with a strong understanding of supply chain management and logistic systems.

Client Details

The company is a large organization in the health & wellness industry. It operates across Japan and is known for its commitment to quality and innovation. It consistently strives to deliver the best products and services to its customers and prides itself on its team of dedicated professionals.

Description

- Oversee all aspects of distribution and logistics management within the health & wellness.
- Remotely supervise 3PL Warehouse & Logistics Operations to consistently ensure KPIs are being met
- Collaborate with both internal departments, external partners to troubleshoot, implement process improvements resolve any logistical issues
- Work with 3PL on ensuring regular transportation requirements are met for supply of company products to Members & Stock Points, including special deliveries

- Ensure execution of Weekly Cycle Counts & Annual Physical Counts for all inventory locations & sub inventories in the market as per Global / APAC physical count policy & that all count variances will be verified and documented & approved prior to adjustments being posted in Oracle

Job Offer

- Comprehensive insurance coverage as part of the employment package.
- An opportunity to work in a large organization in the healthcare industry.
- A supportive company culture that values professional growth and development.

We encourage all qualified candidates to apply for this exciting opportunity to contribute to a leading company in the healthcare sector in Japan.
