## 募集要項

- A senior-level opportunity to lead cross-TA planning and execution for in-field teams across Japan. This role supports business leadership and drives alignment through data-driven projects and stakeholder engagement.

## Client Details

- Multinational Pharmaceutical company, known for its broad portfolio in specialty care and strong collaboration between local and international teams. The Japan business is advancing cross-functional strategies to enhance customer experience and improve operational execution across therapeutic areas.

## Description

- Lead the creation and implementation of the One IBU vision and mission in Japan

- Develop Japan-specific strategies based on global initiatives and local insights
- Collaborate with stakeholders across Sales, Marketing, Market Access, and Medical Affairs
- Design and drive cross-TA projects and incentive schemes with business impact
- Support the Business Unit Director as chief of staff for tactical planning and delivery

#### **Job Offer**

- This is a senior individual contributor role with influence across the Japan commercial organization. The company offers a competitive package, international exposure, and the opportunity to contribute to regional and global initiatives.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Ed Marsden on +813 6832 8981.

---

#### **スキル・資格**

- Sales team leadership experience, ideally with exposure to marketing functions
  - Strong project management and organizational skills
  - Understanding of pharmaceutical business processes and cross-functional collaboration
  - Ability to apply customer insights and patient-centric thinking
  - Fluent in Japanese with professional English communication skills
  - Bachelor's degree required; Master's or marketing qualifications preferred
-
