Accounting position to focus on GL and work with the shared service | WFH and flex time available

**Client Details**

Our client is an American healthcare organization with decades of experience in therapies supporting vital organ function operates in over 100 countries worldwide. With a strong foundation in clinical expertise, it continues to grow through innovative treatment approaches and the integration of digital health solutions. Its global mission is centered on improving outcomes for individuals requiring ongoing, life-sustaining care.

In Japan, the organization has maintained a significant presence for many years, steadily contributing to the development of specialized care in this field. A recent rebranding of its local operations marked a renewed commitment to advancing treatment standards and strengthening support for both patients and healthcare professionals across the country.

**Description**

- Manage bank accounts, oversee transactions, and maintain finance master data.
- Coordinate with overseas shared services for daily accounting tasks and data accuracy.

- Handle fixed asset ledger reviews (US GAAP) and reporting adjustments for Japanese GAAP.
- Prepare and analyze tax data, support tax filings, and submit necessary notifications to authorities.
- Support internal and external audits by coordinating documentation and data submissions.
- Prepare cash flow forecasts and handle general administrative duties (e.g., mail checks, contracts, seal applications).

#### Job Offer

- Hybrid working (WFH and flex time available)
- Career path
